SPRING AND FIRST STREETS.

THOUSANDS OF STRANGERS

WILL BE IN THE CITY DURING

FAIR WEEK.

Extraordinary efforts will be made to have each and every one of them pay us a personal visit. We want all to know of our great enterprise, built up in less than three short years, and still growing faster than ever before. An enterprise that has gone far beyond a mere experiment, and to-day is based upon a foundation as firm as the Rock of Ages. An enterprise that has had a complete walk away from the old fogy idea of doing business, placing our house in the front ranks as one of the great institutions of this wonderful city. Strangers and citizens, we want you all to

Visit Our Big Dress Goods Department

Make a comparison of the prices. Look at the difference in the character of our goods. Make a note of the politic and gentlemanly manner in which you are waited upon. Take a

Stroll Through Our Big Notion Department.

Note the number of employees in this very large department. Price a few articles at random. Compare our prices, examine the goods carefully, make a note of the treatment you receive in all departments, and we know you will feel the presence of shopping has been greatly enhanced by your visit. We want you to make the closest comparison of prices in our Cloak Department.

ALL OUR CLOAKS ARE TAILOR-MADE

They are perfect in fit, exclusive in styles, and every purchaser of a cloak will receive a handsome present free of charge. Our object is to fix this cloak house. We have never before taken the cost price of a garment to start with. It matters not what others may do. We will sell cloaks cheaper, and we will do more for our patrons than any house can afford to do.

Every merchant throws upon his counters a 50c, a 75c, a $1 and a $1 25 quality of underwear. These are popular prices, and we keep a large line at these figures. During our visit East we made it a special object to get the best known value at $1 50. Now we know that no house can afford to meet our qualities at the prices named. We have

EXTRAORDINARY FINE GOODS AT THE PRICES NAMED

They are all well made, full sizes and perfect in every way, and cannot be matched. They are unconditionally what any one can verify if they will take the trouble. Take any garment at the price quoted. Take it into any house in the city. Lay it down side by side with a counterpart of the quality, the size and the shape of the garment, and if our goods are not the best in every particular, bring them back and the money will be refunded without a quibble. We positively sell underwear the cheapest.

Have you guessed on the number of beans in our glass jar?

Have you guessed on the dog pumpkin?

Have you guessed on the number of pennies?

Don't you think it will profit you to take a stroll through our mammoth establishment, by far the largest, cheapest and best conducted dry goods house in the city.

LETTING DOWN THE PRICES AS WE GROW LARGER.

OUR MILLINERY OPENING

The lips of our visitors uttered plaudits of surprise and pleasure as their eyes fell upon the beautiful effects and display of our millinery department as exhibited on Saturday, opening day. From early morn until long after 10 o'clock at night this department was crowded—patient patrons waiting to be served. The sales were unprecedented, and we are firmly convinced that the public will appreciate all extraordinary efforts in their behalf, when accompanied with worth and merit. Too much praise cannot be given to our corps of milliners and trimmers—all we can say is that they outdid our remotest anticipation. The display will be continued during the entire week, to enable visitors to the fair to view this magnificent display.

DRESS GOODS

We are carrying a tremendous stock in silks, satins, velvets and worsteds. Our prices are bargains. There is not a lady who enters our store but what compliments us upon this season's selections, and reiterates that the goods are cheaper than ever known before. We scarcely realize how we got hold of such elegant fabrics at such low prices. Every line of goods is a bargain. More particularly do we call attention to the few specialties that we shall offer during this week.

LOT ONE.

French Tricot cloths, 60 inches wide, in solid and mixtures. These goods sell ordinarily for $2 25 a yard. We have marked out the line for fair week at

$1 PER YARD.

We are selling a line of all shades of Ladies' Cloth, all wool, at 49c, that others ask 75c for.

All shades of extra heavy cashmeres, silk lustre,'44 inches wide. 65c, that are worth 85c.

Combination suits of 14 yards, 7 yards of plain and 7 yards of figured goods, embroidered in silk, in stripes and brocades, $5 60 a pattern. These goods are worth $12.

Combination suits of figured and plain Empress Cloth, 14-yard patterns, half plain, half figured, $3 08. These are the most beautiful and durable goods of the season.

Garnet Brocaded Velvet (cut and uncut pattern), 24 inches wide, all silk face warranted, worth $4, will be sold while it lasts at $1 25.

Bourette Combination Suitings, the very latest novelty, 14-yard patterns, 7 yards plain and 7 yards figured, $5 82. These goods have been sold in the town by a "leading dress goods house" for $1 40 per yard.

This week we will offer a line of Brocaded Satins in all shades and hues at 85c. These goods are sold in New York to the jobbing trade at $1 25 per yard

A line of silks in black and colored at 98c that cost $1 27 to lay down in New York. A leading importer who saw this line advised us to put them at auction in New York, and agreed to guarantee $1 30 under the hammer.

We mean business. We've got the stock. Not like them other fellers that have got to get it. We're getting greater bargains every day, and have to make room for them. We can't do like them, keep them until people pay us our price. Our buyer buys every day, and he wants money to pay with, and we can't lend it to him by keeping our goods. Let them go if they don't make money for us. We'll invest it in something else that will."

Graduate of Victoria College, Toronto, Ontario; Licentiate Physician and Surgeon for the state of Michigan; also member of the College of Physicians and Surgeons of Ontario; for three years Associate Physician of the Chronic and Throat and Lung Institute; for Cincinnati seven years, and still proprietor of the Detroit Throat and Lung Institute, and for several years Proprietor of the Arlington Sanitarium and Health Resort at Toronto.

CONSUMPTION.

The earlier symptoms of this disease are a second or weakness upon little exertion, a disposition to remain passive and idle, a peculiar unwillingness to talk for any length and a shortness of breath upon moving quickly or ascending the first stairway. A slight hoarseness, with or without expectoration, flying pains throughout the chest or back, or under the shoulder blade. The system now grows worse towards or during the night slight fever in the afternoon, flushed cheeks, and in many cases bone brittleness of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, copious coughing and yellowness of the viscera or cavities in the lungs, with or without a depression of the chest, increasing weakness and at last a close up of the air passages of the lungs, causing strangulation or suffocation of the patient. Some cases will expectorate the matter from the lungs.

Heretofore the treatment of consumption has been unsuccessful, both in the use of the physicians and their patients, but lately science has discovered a remedy that in practice a few years ago, thousands of cases have been completely cured, which has led to the first system of practice, after failure to combat the evils of the disease would have continued to prevail, and the use of the system of Medicated Inhalations is the only one that has been successful in curing this terrible disease. Its discovery and introduction into practice has been the result of years of study and experiment, and

ENLARGED SHEET.

FRIDAY, OCTOBER 23, 1885.

A Splendid Offer.

In order to increase the already very large circulation of the Los Angeles WEEKLY MIRROR, the publishers have decided to offer as a premium to each yearly subscriber who pays $2, a copy of Stevenson's map of the county of Los Angeles and parts of San Bernardino and San Diego counties. The size of this map is 23x30. It was issued this year, and is the most accurate map of this section ever published. It shows all the townships, sections, cities, towns and hamlets, rivers, creeks, mountains, harbors, large ranches, mines, railroads, including the Atlantic and Pacific and its proposed routes, and has a thousand other features of interest and value to residents of Southern California. It is alone well worth the subscription price and is the finest premium ever offered by any paper in the State. Taken in connection with the fifty-two issues of the MIRROR, an eight-page paper with over sixty long columns of reading matter of the choicest kind, it will readily be seen that this is an opportunity which rarely occurs. Avail yourselves of it. The maps will be mailed to any address on receipt of $2.

Cold Comfort.

The Chicago Herald, a Democratic organ, speaks of the Democratic defeat in Ohio as being a good thing. It regards the result of the election as significant of just one thing: "Johnny McLeanism and coal-oilism are played out. It was the misfortune of the Democratic party that in order to defeat these despicable political interests its own overthrow was necessary, but it will be the better for it." This is what an old Bourbon would regard as pretty strong; but, continuing in the same strain, the Herald comes to this square, specific indictment of the coal-oil crowd:

For something more than two years the Democratic organization in Ohio has been in the hands of the creatures of the Standard Oil Company and a disreputable spoils gang in Cincinnati, headed by the odious McLean. This combination has retired the venerated leaders of the Democratic party in humiliation, made office a matter of bargain and sale, and done more to debauch the politics of the State than a thousand honest men can overcome in a lifetime. Having possession of the State Legislature for two years, it misgoverned the commonwealth, elected a monopolist to the United States Senate in order to revenge itself upon Thurman, Pendleton and Ward, and in every way conducted itself in a manner to invite that stern public reprobation which, happily for all decent men, it has received. The Democratic cause in Ohio was doomed this year the moment that it was discovered that the programme of coal-oilism was to elect the scalawag McLean to the seat in the Senate now occupied by John Sherman. If the conditions in other respects had been a hundredfold more favorable this, audacious scheme would have sufficed to make Democratic success impossible.

After the impending Democratic defeat in New York, there will be a beautiful opportunity for wriggling journals of that party to explain its causes and console themselves after the style of the above.

THE Ohio Union of Los Angeles comes in for kindly and generous mention by many Buckeye journals, which have noticed the report of the proceedings of the first regular meeting and social, held on the evening of October 6th, and published in the TIMES of the following day. The Toledo Comercial Telegram, of October 15th, publishes extracts from the report, accompanied by complimentary editorial allusions. The editor, General Comly, expresses surprise at the number of Ohio people resident in Los Angeles county, and closes his kindly notice as follows:

In the long list of Buckeyes present are many familiar names, from Toledo and all quarters of the State. On behalf of the Mammee, we send "All hail and greeting."

The Toledo Evening Bee of the same date contains nearly half a column of editorial matter about the Ohio Union, beginning as follows: "The Ohio man has taken the Golden State, or, at least, one of its fairest portions. In fact, the Ohio man is becoming numerous all over this broad land of ours, and wherever thrift, industry, enterprise and indomitable energy hold sway, the Ohio man may be found far to the front. A copy of the LOS ANGELES TIMES has reached the Bee editorial rooms, which gives a two-column account of a charming entertainment held in Los Angeles on Tuesday night, the 6th inst.," etc. A well-done epitome of the proceedings follows, with an extract from the poem; and the Bee's notice closes with these handsome utterances:

Ohio sends greeting to her gallant sons and fair daughters who so worthily represent our grand old commonwealth in the vigorous and bounteous State that guards the western portals of our extensive country, where Summer never dies, and where with industry, skill, intelligence and enterprise, the marvelous yield of all that is calculated to make a prosperous people and happy homes, is excelled by no other land on the globe,

The Fremont Journal, published at the home of ex-President Hayes, also contains a friendly notice; and the Union is receiving newspapers from various sections of the State containing complimentary references to the Buckeye organization in Los Angeles.

THE anti-vaccination cause has had a set-back in Montreal by the discovery that one of the leaders in the movement was quietly vaccinated some time ago.

THE Ohio election puts John Sherman in the very front rank of Republican candidates for 1888. Let this point not be overlooked.

THE RACES.

One of the Field Days at Agricultural Park.

THE LADIES' EQUESTRIAN CONTEST.

The Firemen's Race—The Two-Mile Trot Pinched Off by Darkness, With Honors Even.

The crowd at the park yesterday was larger than on either of the preceding days, and the interest in the events ran high. The gamblers held the fort with their roulette wheel, ring-pitching, card-turning and dice-throwing. The throng of questionable characters of the opposing sex was notably diminished. The Nemesis of the buttons still plied her vocation, and, while she gave no quarter, extracted many.

THE FIRST RACE,

for two-year-olds, postponed from Wednesday, had the following entries: By L. J. Rose, Alcazar; by E. L. A. Hills stock farm, Richmond; by Dr. K. D. Wise, Rajah; by A. Erwin, Saxton.

Alcazar and Richmond were drawn, leaving the race between Rajah and Saxton. Doc Williams drove Rajah, and Erwin drove his own horse, Saxton took the pole.

First Heat: The horses trotted off in a leisurely way, seeming content to keep neck and neck around the track. On the home stretch Rajah reached out a little, coming in seven or eight lengths ahead. Time, 3:01¼.

Second Heat: Rajah started a little behind, but took the lead at once and then slacked to the leisurely pace of the former heat. On the back stretch the drivers chatted amicably and they came around to the three-quarter pole abreast. Rajah won in 3:04¾, taking the race—an easy victory.

"Not much of a race," was the general verdict. If there had been two or three more entries it would have been livelier, as the men would then have gone "for blood." As it was, Rajah could have made much better time, but his driver did not care to distance the opposing colt.

Summary: Sixth District Agricultural Park, Oct. 22d, 1885. Trotting for two-year-olds; mile heats; purse $200; $125 to first, $55 to second, $20 to third:

Dr. K. D. Wise names b. s. Rajah	1 1
A. Erwin names b. s. Saxton	2 2

FIREMENS' RACE.

This was contested by the East Los Angeles and Morris Vineyard teams, the Santa Ana boys not being in, as previously announced. First premium, $125, second premium, $50. The teams were made up as follows:

Morris Vineyard team: F. W. Deeman, Captain; C. G. Willman, First Assistant; A. W. Pessall, Second Assistant; C. S. McNelly, Joseph Correa, Frank Innes, Chas. Innes, Refugio Grijalva, Thos. Collins, F. Roeder, Jas. Nelson, J. Spencer, A. L. Dupuy.

East Los Angeles team: E. J. Holcomb, Captain; E. R. Smith, First Assistant; J. Thompson, Second Assistant; T. Bradley, A. P. Soland, H. S. George, James Lancaster, Frank Swan, Dave Wickerd, E. J. Mabott, D. Mathews, W. Gray, J. R. McNeal.

The judges were: Walter S. Moore, Jacob Kuhrts, Wm. Allen, G. W. Taylor, O. Knute, D. A. Moriarty. Timers, Alison and Moore.

The conditions were to run 200 yards with a cart and couple the hose to a hydrant; then run 100 yards further, unreeling hose and attaching nozzle in front of the judges' stand.

The East Los Angeles boys took the first run. They made remarkably fast time down the 200-yard stretch—too fast, in fact; for they illustrated old Benjamin Franklin's motto: "The more haste the less speed." At the hydrant the boys failed to couple, which is to say, the hose "got away" from the men whose duty it was to hold the end and unreel it from the cart. The men ran on to nearly opposite the judges' stand, where Matthews and Thompson fell, one narrowly missing being run over by the hose carriage. With this the men fell away from the ropes, and the cart, veering to one side, collided with the inner fence, breaking the pole. The failure to couple foiled the race, so far as the East Los Angeles team were concerned, and shut them out. No time was taken.

The Morris Vineyard team then ran, doing their work in good shape—making the connection and setting the nozzle in 1:06¾. The Morris Vineyard team took first prize.

There was general regret at the mishap of the East Los Angeles boys. They turned out a good team, among them several notable runners, and, if everything had gone smoothly with them, they would have given the Morris Vineyards a hard tussle.

THE LADIES' RACE.

This was free for all; 1st prize $50, 2d, 3d, 4th and 5th prizes of $25 each. The entries were: Miss Angie Caruthers, Los Nietos; Miss Mattie Caruthers, Los Nietos; Miss Bessie Bell, Los Angeles; Mrs. Ina Purdy, San Bernardino; Miss Lottie D. Curtis, San Gabriel; Miss Annie Rich, Los Angeles.

The judges were: Jacob Gries, of Ventura; Moses Kennison, San Bernardino; Charles Thomas, San Diego.

The contestants made a fine appearance on the track, sitting their horses like queens, every one of them. They first rode by the grand stand by twos and then went by singly. Miss Bell, on her beautiful black charger, attracted special attention from the first, and was cheered every time she passed the stand. Mrs. Purdy also elicited much hand-clapping. The sisters Caruthers were both so near the standard of perfection in their riding that it would have been impossible to discriminate between their respective merits. Miss Curtis, by the dash with which she rode her little gray, won a high place in popular esteem. Miss Rich rode with no bridle, using simply lines and a bit, the latter held in the mouth by a strap under the jaw. She approved herself a dashing and bold horsewoman, and the swing of her hat to the cheering crowd as she rode past on a keen gallop enlisted a regiment of partisans for her.

After the contestants had passed in review five or six times they were drawn up in front of the judges' stand to hear the decision. At this juncture the first and only mishap of the day occurred. Miss Bell's horse, which had become very much excited in the riding, became restive, and began to rear. At the second plunge it lost its balance and fell backward, turning somewhat to the left side. A couple of thousand people held their breath for about a minute. It appeared from the judges' stand as though the horse had fallen upon his rider. A dozen men jumped to the rescue, and, in about the time it takes to tell the story, both Miss Bell and her horse were on their feet. In another two minutes she was in her saddle again, while the assemblage gave voice to its satisfaction in a loud and long cheer.

After a few moments of deliberation, L. J. Rose addressed the ladies in behalf of the Judges, awarding the first prize to Mrs. Purdy, of San Bernardino, and second prizes to all of the others.

THE TWO-MILE RACE.

This was a special race for named horses, two miles and repeat. Entries: Valentine, Zero—and Big Frank. F. Williams drove Zero; J. H. Kelly, Valentine, and Durfee drove his own horse, Big Frank. Probably the liveliest interest was taken in this of any sporting event of the Park thus far. Large sums were deposited in the pool box, Valentine being favorite.

First Heat: The horses got off at the first effort, probably for a good reason,—they had a long race ahead. Big Frank, who started in on a mighty spurt, went up and dropped to the rear. At the first quarter Zero led, Valentine second, Frank a little behind. Time, :42. Big Frank crawled up on the back stretch, but broke again and lost. The three horses, evenly spaced in their first order, worked around to the half in 1:22. At the half Frank spurted again, passing Valentine and lapping Zero. At the three-quarters the horses were pretty well bunched. Time, 2:05. Down the home-stretch the contest for lead was between Valentine and Zero, the former coming under the wire a neck ahead. Time of first mile, 3:40. The horses were off for their second mile in much the same position as for the first—Big Frank in the rear. Time to fifth quarter, 3:20. Zero led to the back stretch, where Valentine forged upon him. Frank also picked up his heels and got along so that, at the half, the horses were again bunched. Time to sixth quarter, 4:00. Going to the three-quarter pole Valentine led, Zero second, and Frank behind, each crowding the other's wheel. At the seventh quarter, 4:40. The interest in the contest down the home-stretch was very intense, Valentine and Zero pressing hard for first place, and Big Frank on the last spurt breaking. Valentine won the heat by a neck, Zero second, Frank last. Time, two miles, 5:20. Pools now went: Valentine, $20; field, $11.

An intermission of thirty minutes was allowed.

Second Heat—The horses got off again at the first attempt and wrestled for supremacy through the quarter and half. The three-quarter pole was reached in a second better than in the first heat. On the home-stretch Zero led by a neck, Frank second. Time for first mile, :41, 1:21, 2:03, 2:40½. On the second lap, Frank broke on the back-stretch, but spurted and held second place, Zero leading. Towards the half-pole, Frank spurted and lapped Zero. Past the half, Zero stretched out twenty lengths in the lead, but his competitors gradually closed up the gap at the three-quarter. Zero skipped a little in the home-stretch, but was promptly caught. Frank also went up. Under the string they came, Zero first, Frank second, Valentine third, five or six lengths between them. Time on second mile, 3:20, 4:00¼, 4:35, 5:15. This was five seconds faster than the first heat.

Those who had bought Zero in the fild at $6 were now in their glory. Hedging was the order for those who had staked on the favorite. Zero sold at $20, Valentine $8, Frank $5.

There was then some talk of postponing the rest of the race until Friday, it being 5 o'clock, but the judges held to rule of keeping on as long as they could see the horses on the back stretch. At 5:25 o'clock the horses were rung up again.

Third Heat—They got the "go" at once, and Zero led to the quarter-pole. Big Frank second, Valentine dragging. The horses held the same positions to the half, and it became manifest that Valentine was fagged. It was impossible to see the horses in the lower turn, without the aid of a glass. Down the stretch Frank and Zero had it neck and neck, and came under the string even; Valentine several lengths behind. On the second lap Zero led to the half, Frank close up, Valentine far behind. Frank closed on Zero at the three-quarter pole, and the two came down together at high speed. Just before the score Zero broke, letting Frank in first by a neck. Time for the two miles by quarters: :42, 1:24, 2:05, 2:45, 3:25, 4:04, 4:45, 5:22.

The bets now stood: Valentine, 1; Zero, 1; Big Frank, 1. Honors were even, and night had closed down. The finish of the race was postponed until 10 a. m. today. Meanwhile, it was left in a most interesting situation for the betters.

CANCELED.

The three-year-old race arranged for to-day between Joe W., Biddy Toole, Estella and Stamboul have been canceled, as all but Stamboul have been withdrawn. The latter named horse may appear or trot over to save entrance.

THE LIVE STOCK SHOW.

The parade of live stock, appointed for yesterday morning, was postponed until to-day. Many people were on the ground yesterday for the purpose of seeing the stock, however, and as the mountain did not go to Mahammed, Mohammed went to the mountain. The pens and stalls were more generally visited than on any preceding day of the Fair.

J. W. Bixby & Co., of Los Alamitos ranch, make one of the most attractive exhibits on the grounds. Their "Matched Giants," a yoke of oxen—throughbred Durham stock—weight, 3510 pounds—belong to the race of mammoths. A thoroughbred Durham bull, which must weigh close to a ton, is an attractive picture in the eyes of stockmen. The same firm show fourteen head of Holsteins that are very fine.

W. L. Hardison, of Santa Paula, Ventura county, shows some fine two and three-year-old Holsteins, the cows of the latter age with their calves. These are nine head in all, including a bull of good size for his age.

Wm. Niles exhibits twelve head of Holstein and six Jerseys, some of which are imported stock.

From the Hollenbeck ranch there are a bull and two cows, Holsteins, and one young Durham bull.

Probably the most striking Holstein in the grounds is the bull "Wilfred," of G. J. Griffith, of Los Feliz ranch. Mr. Griffith has him placarded: "Calved April 12th, 1884; weight, 1415 lbs., alfalfa feed; no drugs here."

T. D. Cheney, of Downey, shows some of the largest and heaviest Holsteins on the grounds. "King of Holland," 6 months old yesterday, weighs 550 lbs.; "True Favor," a 2-year-old, is a fine animal, and her calf, "True Favor 2nd," a 5-months old, does her full credit. A mate to the former is "St. Catherine," mother of "King of Holland," first mentioned.

F. J. Barretto, of Downey, shows twenty-two head of Jerseys, which are as handsome as deers. The bull are especially noteworthy.

HOME MANUFACTURES.

Local Announcements of Leading Los Angeles Industries.

Los Angeles Cracker Company.

The Los Angeles Cracker Company, corner of Aliso street and Alameda road, has entered upon its third year under most favorable auspices. All kinds of crackers and cakes are manufactured, and the quality is now better than the best imported. The Cracker Company is a local enterprise which should have the support of every one. It is thoroughly deserving. Winter & Co. are the proprietors.

Los Angeles Soap Company.

The Los Angeles Soap Factory is one of the oldest manufacturing establishments in the Southern portion of the State, having commenced about a quarter of a century ago. It has been under the management of the present proprietors, Messrs. Forthmann & Bergish, twelve years, and they have brought it up to a high standard. Their toilet and laundry soaps are famous all over the southern country, and their borax soap is particularly in demand by housekeepers. They deal in caustic soda, sal soda, soda ash, potash, rosin, tallow, hides, pelts, skins and wool. They also manufacture shale oil soap, which has been tried and used extensively by the most prominent fruit growers of Southern California, and has proved a most effectual insecticide. The office and works of the Soap Company are located at 40 to 62 Banning street and 507 First street.

Los Angeles Soda Works.

The Los Angeles Soda Works, H. W. Stoll & Co., proprietors, No. 1 Commercial street, is one of the oldest manufactories in Los Angeles, having been in existence eighteen years. They manufacture soda water, sarsaparilla, ginger ale, mineral waters, champagne cider and all kinds of syrups. Their specialty, however, is the famous "Cream Soda," which for fine flavor has been unequaled. This soda is superior to any summer drink ever before introduced in Los Angeles, and the demand for it this season has been immense. Messrs. Stoll & Co. ship their goods to all portions of Southern California, and their business has grown rapidly. Orders from any part of the city and country will be promptly attended to and satisfaction guaranteed.

Climax Windmill.

The Climax windmill is the invention of J. B. Millard, a Los Angeles gentleman. It was patented December 9, 1884. The owner claims for it that it will run in less wind, is much stronger built, less complicated and thirty-three per cent cheaper than any Eastern mill in the market. It is highly recommended by all who have tried it, including such well-known residents as Wm. Lacy of A. Dobinson and M. L. Wicks, of Los Angeles. Mr. Millard also manufactures at his factory, on Aliso street, iron and wood tanks and all kinds of pumps.

Globe Coffee and Spice Mills.

The Globe Coffee and Spice Mills are located on Aliso avenue. This establishment has long been a necessity for the convenience of its coffee and spices, and since F. L. Jones, the present proprietor, assumed charge, the business of the concern has rapidly increased. The specialty of the Globe Mills is the "Golden Nugget" coffee. Once tried, no other brand will be used. The proprietor is preparing to make substantial improvements in his new machinery. All orders from the country will promptly be attended to.

The Troy Shirt Factory.

The Troy Shirt Factory, Room 34, Schumacher block, is the finest and largest house of the kind south of San Francisco. It has been in operation for about two years, its specialty being custom made goods, or in other words shirts and underwear made directly to order. The business has grown rapidly, and its patrons are of the very best class in this city. The advantages of custom made goods over those purchased ready made will be apparent to all, and as nothing but the best fabrics are used by Mr. Seligman, the proprietor, in the work, we will be sure, a most favorable one is effected. Prices as low as in San Francisco. Another excellent feature of the Troy factory is the fact that only white help is employed. No Chinese have any hand in the work, which is all given to white girls.

Steam Carpet-Beating Company.

The Pioneer Steam Carpet-Beating Company, successors to STABLER & MAY, Telephone No. 717, P. O. box 796, is owned by Robert May, C. Stabler, the late Mrs. Stabler, and A. H. Henning. The advantages of running over soiled and dusty carpets to this company are many, and much of the disagreeable work of the inevitable semi-annual house-cleaning may be avoided. The method employed has many advantages, of which the principal are the thorough cleaning of the carpets of dust and all vermin, moth, egg and other vermin, and also the fact that it is a great saving in expense, amounting often to as much as 50 per cent. The success of the Steam Carpet-Beating Company has been gratifying, and they are deservedly well deserving of the patronage of the public.

Upholstery and Mattress Factory

The Los Angeles Upholstery and Mattress Factory is located at the corner of Seventh and Los Angeles streets, and is conducted by a first-class upholsterer, who has long been in business in this city, and has built up a large trade. The factory turns out mattresses and upholstered work of every description, parlor sets, easy chairs, etc. Mr. Hosmer has special facilities for filling large orders for hotels, hospitals, steamships, etc. This is a great advantage in dealing with this home manufactory in that while just as good an article is furnished as can be imported, the expense is much less. In every respect it will be found advantageous to all orders to this house.

NOTICE.

To whom it may concern:

The following petition for the incorporation of the city of Santa Monica will be presented to the Supervisors of Los Angeles county, on Monday, Nov. 2:

To the Honorable Board of Supervisors of the county of Los Angeles, State of California:

The undersigned present to your honorable body this their petition, and respectfully show—

That your petitioners are qualified electors of the said county and residents within the limits of that portion of said county hereinafter set forth bounded and described.

That said portion of said county is not incorporated as a municipal corporation.

That said portion of said county is bounded and described as follows, to-wit:

Commencing at the southeastern corner of the San Vicente rancho and running thence south to the low water line of the Pacific ocean, running thence northwesterly along said low water line to the point of intersection of the easterly line of Montana avenue, as laid down on the map of Santa Monica as filed in the office of the county recorder, which would intersect said low water line; running thence northerly along the line of said intersection of said easterly line of Montana avenue and along said easterly line of Montana avenue to the point of intersection of said Montana avenue intersects the northerly line of Eleventh street, as said street is now laid out running thence along said northerly line of Eleventh street and along a line in extension of said northerly line of Eleventh street easterly to the easterly exterior boundary of said rancho; thence southerly along the said southerly along the easterly boundary of said rancho southerly to the point of commencement.

And your petitioners pray that said portion of said county may be incorporated under the provisions of an act of the Legislature of the State of California, entitled:

"An Act to provide for the organization, incorporation and government of municipal corporations."

Approved March 18, 1883.

And that said corporation be given the name and style of the City of Santa Monica.

And your petitioners will ever so pray.

Jno. Mc Mullin, 80 acres.

When you go to the Pavilion examine the carriages on exhibition, and you will find that S. W. Luitweiler keeps the best in Los Angeles.

In speaking of the fine collection of pictures on exhibition at Opera Hall, the TIMES yesterday inadvertently accredited the attractive pictures "Hero and Leander" to Mr. Coulter. This finished production is the *joint* work of the two artists, Messrs. Coulter and Raschen. The sea, breaking in tumultuous billows, and full of strong touches, is from Coulter's brush, while the figures, no less expressive of the artist's skill, are the work of Mr. Raschen.

An important notice of the sale of the Lacy property in this city appears this morning in the TIMES. It appears that Wm. Lacy has determined to dispose of all his real estate here and return to England. He has made Messrs. Carroll & Frankenfield, 302 North Main street, his agents, and there is now a first-class opportunity to purchase the finest property in the city at a bargain.

PERSONAL NEWS.

Robert McPherson, of Orange, is at the St. Elmo.

George H. Fullertown, of Riverside, is in town.

Joel Parker, of Orange, was at the Park yesterday.

Sheriff Gard is aboard to-day's San Francisco express.

J. Downey Harvey and wife sailed for San Diego, yesterday, by the Santa Rosa.

James Sullivan, of San Francisco, is at the Fico. He comes here to establish a branch mercantile house.

Ex-Officer Gowan would rather handle iron than drunks. He is now engaged in the hardware house of the Lacy-Vinrock Company.

Major James De Bois, who recently arrived here from Washington, has decided to remain, and is building a handsome cottage just west of Washington street.

A private dispatch received at the TIMES office states that Senator Stanford left San Francisco yesterday for Los Angeles, and will arrive to day.

At the St. Charles: Mrs. Geo. Compton, Mrs. J. Wilson, Miss Dollie Sotz, William N. Forket, Newhall; Mrs. J. A Lynch, W. J. Lynch, Santa Cruz; A. BRIEFS.

The Santa Rosa will sail north next Saturday.

Victor Quarante, an unlicensed fish peddler, was fined $10 in the Mayor's court yesterday.

The members of the Athletic club are talking of another "field day" to take place about Thanksgiving time.

Filed in the Recorder's office yesterday: Twenty deeds, six mortgages, ten satisfactions, and six miscellaneous papers.

The buggy of William Cleghorn was run into by a wagon driven by an unknown man on Main street, near Courthouse, yesterday afternoon. A broken spoke was the damage.

A report is now circulated that the Yuma bridge was fired in three places. After the conflagration was discovered, the draw on the Yuma side was thrown open, saving that end of the bridge. The fire is attributed to an employe who had been discharged.

Ah Tung, who assailed another heathen with a hatchet on Upper Main street last Friday, was before Justice Austin yesterday. The charge of assault to murder could not be made to stick and was abandoned, Ah Tung pleading guilty to a simple assault and paying a fine of $20.

AMUSEMENTS.

THE MADISON SQUARE COMPANY.—*Hazel Kirke* was given to a medium house last evening at the Grand. The play draws upon the sympathies even stronger than *May Blossom*, and it was presented in more forcible manner than the first favorite. Miss Rose Wood, in the title role, was the soul of the play. H. C. Waite, as Dunstan Kirke did some very strong acting, especially in the last scenes, when stricken with blindness and insanity. Holden made an acceptable Lord Travers. Willis Simms infused a great deal of fun into the dudish part of Pittacus Green, and captured the favor of the house. The rest of the support was good.

May Blossom will be given for matinee to-morrow, and *The Octoroon* in the evening.

Great Sale of Oil Paintings.

Yesterday, in an article entitled "The Easel," your attention was called to the collection of paintings now on exhibition at Opera House Hall. Messrs. Coulter and Raschen, in their specialties, have for equals upon the Pacific coast, and this collection comprises many of their finest European studies, as well as their best work during the past three years in California. Several of the pictures now on exhibition here attracted much attention at the annual exhibitions of the San Francisco Art Association and the Paleite Club, and received the most complimentary criticisms from the San Francisco press.

All are to be sold, without reserve, at auction. Sale commences this evening, at 7:30. Hall open day and evening. Everybody can not care to buy, make an effort to see this collection before it is removed from the hall.

Temple Street Cable Railroad Company.

All persons interested in the building of the Temple Street Cable Road are hereby notified that subscription books to the capital stock of the above-named company have been opened at the office of Walter S. Maxwell, 10 Court street. It is of the greatest importance to the success of the enterprise that every property-owner benefited by the enterprise come forward at once and take as much stock as possible. It is proposed to close the books on Monday, October 26th, and, if an amount sufficient is subscribed, to begin work immediately.

PAVILION EXHIBITS.

Some Special Features of the Sixth District Fair.

THE DISPLAY MADE BY OUR MERCHANTS.

Display of Japanese Art—Exhibit of Photographs—Hardware—Saddlery—Pottery—Clothing—Other Industrial Exhibits—Fair Notes.

The greater part of the day yesterday and in the evening, till near 11 o'clock, crowds of sight seers surged through the Pavilion, "upstairs and downstairs, and in my lady's chamber." The very few exhibits which were incomplete Thursday night were finished yesterday, and some new ones were added, notably the floral displays, which proved most acceptable.

The description which the TIMES has published concerning the Pavilion would be incomplete without some special reference to the fine commercial exhibit made. In order that the large number of persons who will visit the Fair to-day and to-morrow may better understand this display, the TIMES publishes the accompanying brief notices of some of the floors of these special exhibits.

KAN KOO—A FINE EXHIBIT OF JAPANESE ART.

A center of attraction on the second floor of the Pavilion is the Japanese art booth, representing the popular store of the same name in the Baker block. The booth is shielded by an immense Japanese umbrella, gaily decorated with Chinese lanterns.

In the interior of the booth there are on exhibition samples of satsuma and eloisonne ware, gems of Japanese art which delight every scholar. There are a number of beautiful screens, embroidered bedspreads, specimens of lacquerware, silk goods, fans, handkerchiefs and a great variety of Japanese goods. This display is the most unique in the Pavilion and deserves a thorough inspection. At the Kan Koo store, North Main street, a still larger variety may be seen, and all visitors are welcome whether they desire to purchase or or not.

WOODBURY'S BUSINESS COLLEGE.

Woodbury's Business College makes a good display of penmanship in the art gallery. This institution, now in its second year, has gained a high reputation in Southern California for its excellence in its special feature—the training of young men and women for the practical duties of life. The system is thoroughly trained in actual business methods and receives an education which fits him for any position. The system is the simplest, most direct and most effective method illustrating business that has ever been devised.

SANBORN, VAIL & CO.

Sanborn, Vail & Co. make a very attractive exhibit in the art gallery of steel engravings, paintings, bronze and ebony mirrors, mouldings, easels, and gold and bronze frames. This firm is the leading art store of Southern California, and is a branch of the same firm 857, 859 and 861 Market street, San Francisco, and 172 First street, Portland, Oregon. They have lately removed to 39 South Spring street, where their large collection is always open to the inspection of the public.

SCHUMACHER'S PHOTOGRAPHIC DISPLAY.

Mention was made last week of the fine exhibit of photographs made last week at the Downey fair by F. G. Schumacher, leading photographer of this city, for which he received the first premium. Mr. Schumacher has an exhibit at the Pavilion which is very fine indeed, and shows what rapid strides photography has made during the past few years. Mr. Schumacher, who is pupil of Bradley & Rulofson, San Francisco, certainly gained the secret which made that firm the leading house in its special line on the coast. His display of cabinets and enlarged pictures could scarcely be surpassed.

EAST LOS [ANGELES POTTERY—HAMILTON & SHUMWAY.

An interesting local manufacturing enterprise is the East Los Angeles Pottery, established about a year ago, on North Wall street, by Councilman E. M. Hamilton and A. Shumway. The firm exhibits at the pavilion really excellent work in the line of sewer and water pipe, jugs, crocks, silas, flower pots, vases, chimneys, drain tiles and fancy bricks. Many other articles in the same line can be made to order. This establishment is a great success, and its trade is constantly increasing. Be sure and examine this fine exhibit.

SCHODER, JOHNSTON & CO.

Schoder, Johnston & Co., 114 and 116 North Los Angeles street, make a most creditable showing in the pavilion. This establishment is one of the leading hardware houses of the coast and does a large wholesale trade in Southern California and the Territories. The exhibit comprises a cage of the celebrated Norwich locks, door locks, a case of bolts, various styles of carriage fittings and tools, whip sockets, etc. There are two of the popular Hookpumps for pumping water; a case of Wells Brothers screw plates, drills, dies and bolts; a case of machinists' tools of the latest patents, including levels, wrenches, radials, tube expanders, etc. There are samples of Blakesley's steam jet pumps, steam injectors and lubricators. There are also deep well pumps manufactured by Garrett & Co., San Francisco. A fine showing is made of carriage and wagon work, imported and of home manufacture. There is a case of Burden's horse shoes of all sizes, showing also samples of shoes for mules and oxen. There is besides a case of Wiley & Russell's stockers and lightening screw plates. Many other articles are included in this fine exhibit of hardware, including horse shoer's outfits, saddlery, bellows and a great variety of useful articles for machinists. It is a display which every person interested in the hardware trade should carefully inspect.

HAYDEN & LEWIS COMPANY.

One of the finest industrial exhibits at the Fair is that made by the Hayden & Lewis Company, manufacturers of and jobbers in saddlery hardware, carriage trimmings, harness and shoe leather, findings, etc. The space occupied by the firm is located near the entrance and attracts much attention. The display comprises a showing of fine English side-saddles, plain saddles, Whitman saddles and heavy stock saddles. There are also fine riding bridles, bits, spurs, lap-robes, mosquito nets, blankets, horse suits, patent leather work, and many other articles in the same line. Altogether, the showing is one of great interest to all who are in the saddlery and harness business. The Hayden & Lewis Company is the only wholesale hardware house in Southern California, and has secured the trade of a large section. They can supply goods at lower prices than San Francisco houses, and investigation shows that their rates do not materially differ from those quoted by Eastern firms. Their establishment is on a very extensive scale, and carries everything in the lines mentioned. Its large and growing business is encouraging as showing the rapid growth of the wholesale business of Los Angeles.

PITCHER & GRAY—THE BOSTON SQUARE DEALERS.

On the second floor of the Pavilion, Pitcher & Gray, the Boston square dealers, make a showing of ready-made clothing which is exceedingly creditable to the firm. It is difficult to see the necessity of ordering suits from tailors, when goods of such excellent style and fit can be had at purchased ready-made at half the expense. Pitcher & Gray import all their goods directly from Boston, and always have the latest styles. Their extensive establishment, at 23 North Main street, is now recognized as the headquarters for fine clothing in this city, and their immense trade shows that their manner of doing business meets with popular favor.

TABELE & SWARTZ—THE FRAZER ROAD CART.

Messrs. Tarble & Swartz, carried off all the first prizes in their line at the late fair at Downey. The Frazer road cart takes well in this country, and all persons interested should examine their fine exhibit at the Fair. The "Governor Stanford" spanking cart on exhibition is a little gem. The headquarters of the firm is at the Repository (old Episcopal Church), corner Temple and New High.

S. M. PERRY'S EXHIBIT—THE SUNSET RANGE.

S. M. Perry, 30 South Main street, exhibits the Sunset range, which has enjoyed a wide popularity in Southern California and proved to be the range for this section. It requires half the fuel used by any other range, has an excellent draft, boils water quickly and is first-class in size, economy, appearance and perfection of working. All who are thinking of purchasing ranges will do well to examine the "Sunset" at the fair. It is in use in over fifty families in this city, and has given perfect satisfaction.

BROWN & FOSTER HARDWARE COMPANY.

The Brown & Foster Hardware Company, 36 South Spring street, have the largest and finest general display of hardware and agricultural implements ever made by any firm of Southern California, and they justly received the blue ribbon yesterday. Their display comprises the following articles: The popular Shipman engine for pumping water or running small machinery. This engine has had many practical tests in this section, and is pronounced by all who have tried it to be the best in use. The German wine pump, capacity 2500 gallons per hour; a garden spraying pump, just the thing for gardens and lawns; a show case of the celebrated Niles locks, for which the Brown & Foster Company are the manufacturer's agents here, also a fine showing of builder's hardware. The case in which these goods are exhibited was made in the store of the company and is a fine piece of workmanship. In addition to these goods, there is a display of Imperial patent chilled steel and combination plows, which are interchangeable from chilled iron to steel; also, the Evon's triple harrow, which has many striking points of superiority over any other harrow in the market. The remainder of the exhibit comprises Iron Age cultivators, for which the firm are agents for Southern California, and an assortment of lawn mowers of the Philadelphia, Pennsylvania and Easy makes. The exhibit has attracted general attention from farmers and mechanists this week. The company furnished the builders' hardware and glazing work for the Mott Market building, in which the Fair is held.

FINE DISPLAY OF MUSICAL INSTRUMENTS.

One of the greatest attractions of the Fair is the display of musical instruments by Bartlett Bros. & Clark. It is original in design and very attractive. There were to be seen there the celebrated Steinway and Weber pianos, Gabler pianos, and Estey and Shoninger organs. Sweet strains of music constantly flowed from that quarter, and the verdict that has at all times given the Steinway and Weber the leading place among pianos, seems to be the sentiment of the throng around this feature of the Fair. The large Estey church organ, the finest reed organ made, deserves special attention. It has a double-bank key-board, pedal bass, and is as effective as the pipe organ. The Shoninger organ also, with its lovely chime of bells, must be heard to be appreciated.

FAIR NOTES.

McPherson's exhibit of raisins is the finest ever made in Southern California. No imported fruit ever presented a better appearance, yet six or seven years ago the old fogies laughed at the McPhersons and called them crazy for attempting to engage in raisin-making. The world do move.

There is talk of continuing the fair two days next week, to make up for the two days practically lost out of this week.

There were two handsome displays of flowers at the pavilion last evening. The thanks of all who attended went out to those who so promptly supplied the previous deficiency.

C. L. Fisher displays some elegant boots, shoes and slippers in a glass case on the ground floor. Gindensil's underpinnings were a barren ideality compared with some of this foot-gear.

One hundred and thirty children from the Catholic Orphan Asylum visited the Pavilion yesterday morning. They were a happy lot.

Gustav Eisen, proprietor of the Pacher Creek Nursery, of Fresno, is visiting this city and taking in the Fair. He has on exhibition a fine specialty, the white Adriatic fig. It is fine fruit and the trees are very prolific. Mr. Eisen also exhibits a new variety of pomegranates and Arabian dates, which have been successfully introduced by the Armenian colony at Fresno.

Swarms of bees have been attracted into the Pavilion by the prospect of a free lunch, and the busy insects have become quite a nuisance.

The nursery display made by Pleasants is worthy of close attention. Nothing equal to it has ever before appeared at our fairs.

To-day the inevitable baby show.

The blue ribbon yesterday afternoon was placed around Schoder, Johnston & Co.'s and Garbie & Swarts' exhibits.

There is a fine floral exhibit on the second floor of the Pavilion. A few flowers are left, and can be had quite applicable to do so, as his prices are the very lowest. Mr. Sullivan's stay in this city will be for a few days only, so that it will be to profit by this really very rare chance to select very stylish garments should do so at once. Sullivan's illustrated catalogue for the season of 1885-6 can be had upon application at their parlors, Nos. 1 and 3, Rose block, 48 st., Los Angeles.
